Dear New International Students,

## WELCOME TO KIT!!

Hi, we are KITICO! A student organization that supports international students at KIT and promotes international exchange events.

We hold events about once a month for international students to enjoy university life in Kyoto. Why don't you join our events and make friends?

KITICO's events will be announced through our LINE group. LINE is a popular message app in Japan, so first of all, please download this app. Then, read the QR code below with your smartphone to join our group chat!

This LINE group is just for students, so feel free to chat with each other in English, Japanese or any other language. If you have a fun event idea or something you'd like to do with KITICO, we'd love to hear your suggestions!

In addition, you can see our past events on International Center's Facebook, KITICO's Twitter and Instagram account!

We hope to see you soon at the event!
